

FALL SHOW 2011

Welcome back, and welcome all newcomers to Affair of the Arts at Turtle Creek!

Each year, as the show continues to grow, there are minor changes. Please read your information carefully, as times, dates and prices might vary from show to show. We try to remain as consistent as possible, but also must account for our costs.

Tax Information: It has been brought to our attention that the State of Illinois may be more closely monitoring art events such as this. Please note that the Artist Application has a space for your Tax ID #. In the event that an inquiry is made at the show, we will have your tax numbers on file as required. It is our policy that artists are responsible for keeping track of their own sales tax.

All proceeds from Affair of the Arts go to creating /maintaining signs, printing advertising materials - including full color postcards, printing programs with your contact information that all visitors can take home as a reference, mailing fees, website hosting fees, and the Spring Grove Village Sign Permit Fee. The organizers of this effect do not receive any profits from the event.

We look forward to this coming show on November 13!
